Welcome to the flower village,  
whose wind carries the rich scent of flowers!

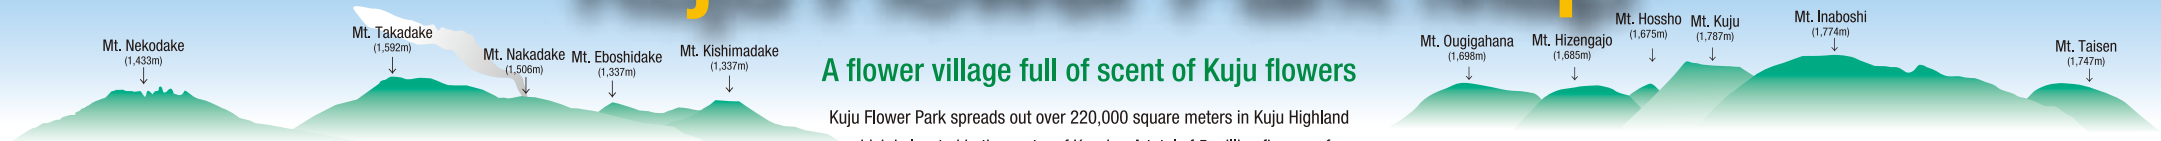

This flower village is located in Aso-Kuju National Park.  
Visitors can enjoy a refreshing experience when leisurely  
relaxing among the flowers of each of the four seasons.

# Kuju Flower Park Map

## Flower Field Area

From spring through autumn seasonal flowers bloom in the field divided into 6 areas.

Tulip / mid April to early May

Moss Pink / late April to early May

Nemophila / late April to early June

Field of Spring Colors / late April to late May

Lavender / late June to mid July

**Fully enjoy Mother Nature. Visitors can feel refreshed 24 hours a day, surrounded by flowers.**

Flowers glittering in the morning dew, stars scattered throughout the night sky. Experience Mother Nature at the recently opened Camping Resort Stars and Flowers! Just bring yourself, and you can have a wonderful outdoor experience even if you are not used to camping.

## A flower village full of scent of Kuju flowers

Kuju Flower Park spreads out over 220,000 square meters in Kuju Highland which is located in the center of Kyushu. A total of 5 million flowers of about 500 different species bloom from spring to autumn. Within the park you can experience different and unthinkable beautiful scenery in the Forest Area, Flower Field Area, Wildflowers Area and more! Feel refreshed and get relaxed while enjoying the varied landscapes.

- Restrooms
- Nursing Room
- Diaper Changing Station
- Smoking Area (Please smoke in designated areas! Thank you for your cooperation.)

## Gardens Area

The Kuju Garden is colored by a variety of flowers, trees and perennial plants. The Rose Garden has 3,500 roses of 350 varieties. The Clematis Garden features not only clematis but also Fujibakama bonese, for which chestnut tiger butterflies come flying.
